

Club Health Report for Zone 3 District 23 C

April 21, 2014

Acting ZC Larry Updyke

The Montville and Mansfield clubs have had a net positive in numbers of club members since the start of the year while Coventry, UConn, and Willimantic have all lost membership with a net loss of 17 for the zone (primarily due to the expected turnover at the campus club). All clubs are routinely filing necessary reports on a monthly basis and most are making good use of District Doings. All clubs continue to do a good mix of service projects and fundraisers and most have donated to LCI, district projects as well as their local community donations. The Montville club is going through the CEP process with Steps 3 & 4 scheduled to be addressed on Wednesday April 23rd.

Respectfully submitted,

Acting ZC

RC Larry Updyke
