District 23C Cabinet Meeting
Lions Low Vision Center (LLVC) Liaison Report

Cabinet Members, PDGs, Lions and Guests,

As far as my role and responsibilities:

- The Lion year began with a flurry of club, zone and health fair visitations and exhibits.
- Have two clubs to visit and one Zone Meeting in next few weeks.
- Will have a table exhibit and some other surprises at the MD23 Mid-Winter Convention.

The LLVC Board of Directors has been very busy and active, for example:

- Recently the Grant Committee secured a generous grant from Chelsea-Groton Bank.
- A 2nd large family bequest was presented to LLVC by our very supportive Lion friends in the Lebanon Lions Club.
- There will be a terrific LLVC fundraiser Saturday April 5th at the Colchester Polish Club at 7PM. Includes a Silent Auction and a wonderful chance to bid on a large diamond. The planning committee will be sending out invitations and details shortly.
- The Board of Directors has been developing a more understandable structure and simple procedures in order to simplifying reporting from our contractor, Carol Dykas. Will result in improved record-keeping and communications for all involved.

Respectfully Submitted,

Hilary Matthew Kumnick
CT 23C Zone Chairman
